

Dear Resident –

We hope that you had a pleasant week! Here are a few updates that we would like to make you aware of.

Pool and Spa Resurfacing

The pool and spa are currently closed through February 12th. During this time, you may continue to use the barbecues.

Next Thursday, January 25th, and Friday, January 26th, the plaster inside the pool and spa will be chipped out. On Thursday and Friday, expect higher levels of noise, especially if you are overlooking the pool deck.

Garage Work

We have a few small items remaining to wrap-up the garage waterproofing project.

Next Tuesday, January 23rd, we are filling the joints at the top of the entry ramp with caulking. This will take one day to dry; thus, from Tuesday to Wednesday morning, the entry ramp will be closed.

On Wednesday Morning, we will be painting the arrows on the exit ramp. This will take 24 hours to dry; thus, from Wednesday morning to Thursday morning, the exit ramp will be closed.

Donation and E-Waste Collections

It is time for our biannual charity and E-waste collection drive. If you have any donations or electronic waste to recycle, please bring it to the Concierge desk by Thursday, February 1st.

On behalf of your Park Laurel team, have a nice weekend!
