

Community Update

Dear Resident,

We wanted to take the opportunity to introduce our new Assistant Manager, Tyler Döty, to the community. Tyler joins our team with five years of direct property management and customer service experience. In addition to being a valuable new member of our team here at Park Laurel, Tyler is also an accomplished photographer with his own small business, supports various community events in his spare time, and is quite the auto enthusiast. Please stop by and say hello if you've not already met him!
