

Dear Resident,

I am pleased to announce that the Wi-Fi is now up and running on P1 & P2.

In order to use this service, please select the wireless network named "**ParkLaurel**". The password for that network can be obtained by stopping by the concierge desk.

You will now be able to make calls, surf the internet, plot navigation directions on your cell phone, and much more once you are connected to the Wi-Fi.

If you have a smart phone, we suggest enabling the wi-fi calling feature so that your calls will automatically transfer from cellular to wi-fi when you drive into the garage.

For iPhone users:

Turn on Wi-Fi calling in Settings > Phone > Wi-Fi Calling. You might need to enter or confirm your address for emergency services.\* After turning on Wi-Fi Calling, you must restart your phone.

For Samsung users, please follow the steps on the link:

<https://www.verizonwireless.com/support/knowledge-base-217876/>

If you have an electric vehicle, you are also welcome to plug this information into your car so that your vehicle will automatically download updates and stay connected to the manufacturers network.

If I can be of any assistance, please feel free to contact me at any time.

All my best,  
Ryan
